

Could You Love

[Nick Lachey](#)

(I can't get with you, can't get with you babe)
(I can't get with you, can't get with you babe)
(I can't get with you, can't get with you babe) Sometimes I don't know where do I go
And who do I turn to
Cause you, you've found something new
At somebody who makes you feel so awful So tell me this time
Cause you know I'm losing my mind
Is the feeling mutual
Cause I, I just gotta know, I gotta know
Tell me (could you love)
I get my heart in this thing (would you love)
If I give my best thing (could you love)
Here's the question (could you love)
Could you love me
Could you love me (could you love)
I leave myself wide open (would you love)
And it's sad I'm hoping (could you love)
These words unspoken
Could you love me I, I can't hesitate
Cause now it's too late
Just look what you've done to me So tell me this time
Cause you know I'm losing my mind
Is the feeling mutual
Cause I, I just gotta know, I gotta know
Tell me (could you love)
I get my heart in this thing (would you love)
If I give my best thing (could you love)
Here's the question (could you love)
Could you love me
Could you love me (could you love)
I leave myself wide open (would you love)
And it's sad I'm hoping (could you love)
These words unspoken
Could you love me Do you understand
I give you all I can
What more can I do
Oh no no I gotta let you know
I gotta let my feeling show
But would you love, baby could you love me

The way I love you Could you love
I get my heart in this thing (would you love)
If I give my best thing (could you love)
Well here's the question (could you love)
Baby tell me could you love me
Could you love me
I leave myself wide open (would you love)
And it's sad I'm hoping (could you love)
These words unspoken
Could you love me Could you love
Would you love
Would you love me
Could you love
Oh baby
Could you love me
