

Hasta Luego, My Love

David Ball

I know it's getting late I hear the mission bells
Parting is bittersweet but this is not farewell
As I give you one last kiss

Just remember thisWe'll meet again senorita I won't forget lying here in your arms
You make it so hard to leave ya Hasta Luego my loveWe knew the time would come
We'd have to say goodbye

I'll hold you in my dreams each and every night
I know as I walk away my heart will sayWe'll meet again senorita
I will miss you mi amor yo te quiero
We'll meet again senorita
