

# New Hope Generation

## Falling Up

I've been here before, it's all I've ever known  
Looking for the face I am  
Where do I go? All that's in my sight  
Are darkened dreams of empty lies Hope is there it is waiting it is real  
You are only what you want to feel  
I can see your eyes and they are asking We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone I've seen you before, you're always on your face  
Trying to find the traces left  
Hungry and tired, waiting for your needs  
Just hold him close he won't ever let you go Hope is there it is waiting it is real  
You are only what you want to feel  
I can see your eyes and they are asking We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone Open, open arms, open arms let your spirit  
Open, open arms, open arms let your spirit pour Here's the call to anyone at all  
Who's ever had the rise right after a fall  
It's revolutionary when they come like this  
They can't believe we're living representatives It gives light unto the Gen X and Y  
Resolution with no generic reply  
I stand aside a genre that's on a tear, broken  
Chains explain that we are almost there We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone We're a new hope generation  
We can see the wasted life in your faces  
But we can see Messiah rise in these places  
Until the tears are gone You think I will throw away but I don't care what you say  
'Cause the one you pushed aside, will rule one day  
You can no divide a unified youth nation

So where's my anointed now generation
