

# Let It Go

**Josh Williams**

As children bring their broken toys with tears for us to mend  
I brought my broken dreams to God because he was my friend  
Then instead of leaving him in peace to work alone  
I hung around and tried to help in the ways that were my own Then I took them back and cried "God, why are  
you so slow?"  
He said "My child what could I do, you never let it go." CHORUS: Let it go-oo, and let God take control  
Let it go-oo, and He'll bear your heavy load  
If you think that there's no hope, there's something you should know  
He can mend your broken heart but you've got to let it go. Every child needs nothing less than unconditional love  
And even though we fall sometimes He's there to pick us up And if you think you're the only one who's ever  
felt this low  
It's time to get on your knees - you've got to let it go CHORUS If you think that there's no hope, there's  
something you should know  
That He can mend your broken heart but you've got to let it go.
