Alibi's

Slightly Stoopid

kyle say that
he don't care
don't give a fuck
dont cut his hair
and
had a party
drinkin' brews
cops bust in
all sick of booze and
he don't say surrender me
catch 'em if you can mother fucker
listen all you people get out his way
step aside and close you eyes and listen what he's sayin'
i aint got no alibis so
i aint got no indecision
undecided unignighted
watch the sparks flyin'
jurisdiction overload
no one enter
without a code and
stainless steel
what keeps us in
he's busted out by
by one of his friends and
now he's screamin' out on the streets he say that
catch him if you can mutherfucker
listen all you people get out while y'all still can
step aside and close your eyes and listen to the band sayin'
i aint got no alibis so
i aint got no indecision
undecided unignighted
watch the sparks flyin'
whoa whoa whoa whoa
he dont say surrender me
catch him if you can mother fuckers
listen all you people get out his way
step aside and close your eyes and listen what he's sayin'
i aint got no alibis so
i aint got no indecision

undecided unignighted
watch the sparks flyin
we say that
i aint got no (i aint got no)
i aint got no (i aint got no)
i aint got no (i aint got no)
i aint got no
no alibis
we aint got no alibis for you
no we aint got no alibis for you
no alibis
