The War Confessions

Catman Cohen

Theres a fury on the waves
A madness taking place
Fueled by the blood
Of weary wage slavesAnd they taught us how to hate
In a hi tech kind of way
Made us meat puppets
For the wars they wageIn a playground, running round
In a playground, being clowns
Werent we once kids
Just kicking a ball?
Laughing bout everything
Nothing at allIn a playground, neath the sun
In a playground, having fun
Werent we once kids
Thought war is a game?
Fall over dead
And jump up again(Hey, hey, what do you want to say?}Dont want to lose my legs
In defense of larceny
The banksters stealing billions
From the national TreasuryDont want to take a bullet
Left coughing up blood
For your right to a lap dance
At some faraway clubDont want to suck my meals
Through a thin feeding tube
On behalf of profiteers
Dealing addicts their crudeDont want to wheeze harshly
Hooked to a machine
In the service of ingrates
And all thats obsceneDont want to suffer flashbacks
Those nightmarish screams
While billionaires lullaby
To private jet dreamsNobodys tool, nobodys fool.
NO!!!!In a world so long ago
In a world we used to know
Werent we once kids?
Who sang funny songs
No thoughts of torture
Phosphorous bombsIn a world so long ago
In a world we used to know

Werent we once kids?
Who rode on our bikes
Vampires scared us
Not nuclear strikes(Hey, hey, what do you want to say?)Theres a fury on the waves
A madness taking place
Fueled by the blood
Of weary wage slavesTheres a world of growing horror
Where a playground stood before
And it s time to stop
This lunatic warTheres a world of growing horror
Where a playground stood before
And its time to stop
This murderous warTheres a world of growing horror
Where a playground stood before
And Its time to stop
This sickening warTheres a world of growing horror
Where a playground stood before
And its time to stop
This bloody awful warLets bring back our playground
Stop this war
Lets restore our playground
Stop this warYes, its time
(yes its time)Time to STOP THIS WAR!
