

The Devil Loves You

AFI

What I'm trying to say?
Have you ever felt? Ever felt this way?
Tainted with rage you can't drain away
Or it will cost you your life I couldn't care
I couldn't care
I couldn't care more I couldn't care
I couldn't care
I couldn't care more Ever absorb what shouldn't be touched?
Have you ever cared ever cared this much?
Do you think it is I who is out of touch
Or are you too scared to think at all? I couldn't care
I couldn't care
I couldn't care more I couldn't care
I couldn't care
I couldn't care more I couldn't care
I couldn't care
I couldn't care
I couldn't care
I couldn't care
I couldn't care more As your friends fall does it tear your heart?
Do tears fill your eyes as your world falls apart?
Do you notice at all or are you sailing sublime?
Am I completely alone? I couldn't care
I couldn't care
I couldn't care more I couldn't care
I couldn't care
I couldn't care more I couldn't care
I couldn't care
I couldn't care
I couldn't care
I couldn't care
I couldn't care more
