

# I'm Alright

## Jars of Clay

It was the fear of God that led me to you  
And it's the fear of you that takes getting used to  
I've never been one to hang my heart on a thread  
But you spun me around and you loved me instead, oh I know I could turn to something other than you  
'Cause I don't understand you and why you're after me  
I've never been the saint you wanted me to turn to  
And I can't see the view from the eyes  
You look at me through, oh no But I'm alright, I'm alright, yeah I'm alright, I'm alright  
Baby I'm alright, I'm alright, yeah I'm alright  
(I'm alright) So cut below the surface and try hard not to notice  
That I could be so foolish thinkin' I'm alright  
I've got no one to hold me, I've got no one to carry  
Everything inside of me that I won't let you see [Incomprehensible]  
But I'm alright, I'm alright, yeah I'm alright, I'm alright  
Baby I'm alright, yeah I'm alright, yeah I'm alright, I'm alright  
Yeah, yeah Alright  
I'm alright, yeah I'm alright, yeah I'm alright, baby I'm alright  
I'm alright, baby I'm alright, I'm alright, baby I'm alright  
(I'm alright) Yeah, I'm alright, yeah, I'm alright  
Yeah, I'm alright, I'm alright, I'm alright Revolution  
(Revolution)  
Revolution  
(Revolution)  
(Oh yes)
