Supreme Humanism of Megalomania

Nile

I asset my claim of umcompromising empowerment
I am like as unto Atum lord of all
whose spontaneous self generation
Led to the appearance of the earliest gods
and thus the material universe
there is none higherI appear in glory as that god
who eats men and lives on the gods
as sun god I am reborn
From the womb od the sky goddess nut
Her aching body is the sky
Her nakedness the skin on which the stars restI am AtumKhepri who came into being of himself
I am he who opened a door in the sky
Who rules from his throne and adjudgeth those who are bornI am the horned bull who rules the sky
Lord of celestial appearings
The great illuminator who came forth from fire
to hardness the years
I am the jackal of jackals
I am Shu who breathes air into the limits of sky and earthI draw unto myself all the forces on the universe
I become not merely a god but the universe itself
I am alone in making the transformation from man into god
I am released from this world of servile obligation
to false temporal power who claim to be divine
