

Play It Off

Nelly

She got that ba-da-buh-da
Your girl ain't gotta know I hit ya last night
I was all over your body goin' ba-da-buh-da
Dame be such a hottie
Yo she's lookin' over here but she won't get it out me y'allShake it off, that's how you play it off
Shake it off, that's how you play it off
Not now, no you can't take it off
But play it off, she won't know a damn thingI play it off 'til it's played out
I had her motherfuckin' ass on the couch, honey laid out
She hintin' around at gettin' ate out
I know I'm spaced out, but the shit sound way out
So I had to take a playa out, switch up my whurrabouts
'Cause she was tryin' to turn a playa out
And plus she know a nigga blazed out
And lil' mama gon' crack a window, let the haze outShe said she loves that stroke
Keep on her heels and her coat
Then she say she loves my moves
And the way I do, what I do
She got that ba-da-buh-da
Gotta make, sure, I don't get attached
That ba-da-buh-da
But it keeps, on, bringin' me backShe got that ba-da-buh-da
Your girl ain't gotta know I hit ya last night
I was all over your body goin' ba-da-buh-da
Dame be such a hottie
Yo she's lookin' over here but she won't get it out me y'allShake it off, that's how you play it off
Shake it off, that's how you play it off
Not now, no you can't take it off
But play it off, she won't know a damn thingThe Sun sick a triflin', so sick he have ya snifflin'
Plus the chains like the nigga Slick Rick an' them
We had pick of them, strictly all dimensions and
Not to mentionin' the Benjamins is thickenin'
And now it's like a odyssey when she sayin', hi to me
She eat the dick, then she cry when she gotta leave
Bye, bye, you gotta go now
My girl, just, pulled up outsideShe said she loves that stroke
Keep on her heels and her coat
Then she say, she loves my moves
And the way I do, what I do

She got that ba-da-buh-da
Gotta make, sure, I don't get attached
That ba-da-buh-da
But it keeps, on, bringin' me backShe got that ba-da-buh-da
Your girl ain't gotta know I hit ya last night
I was all over your body goin' ba-da-buh-da
Dame be such a hottie
Yo she's lookin' over here but she won't get it out me y'allShake it off, that's how you play it off
Shake it off, that's how you play it off
Not now, no you can't take it off
But play it off, she won't know a damn thingJust know the whole hood is lookin' at you
So don't let your girl catch youSo have your story right, on how we met
Just have your story right, and don't never forget
You need your story right, 'cause she'll be upset
Her inner feelings'll be disrespect, butShe said she loves that stroke
Keep on her heels and her coat
Then she say she loves my moves
And the way I do, what I do
She got that ba-da-buh-da
Gotta make, sure, I don't get attached
That ba-da-buh-da
But it keeps, on, bringin' me backShe got that ba-da-buh-da
Your girl ain't gotta know I hit ya last night
I was all over your body goin' ba-da-buh-da
Dame be such a hottie
Yo she's lookin' over here but she won't get it out me y'allShake it off, that's how you play it off
Shake it off, that's how you play it off
Not now, no you can't take it off
But play it off, she won't know a damn thingStory right
Just know the whole hood is lookin' at you
Story right
So don't let your girl catch you
Story right
