

What It Is to Burn (New Version)

Finch

She burns Today's on fire, the sky is bleeding above me
And I am blistered, I walk these lines of blasphemy
Every day and still Like a bad star, I'm falling faster down to her
She's the only one who knows what it is to burn I feel diseased, is there no sympathy from the sun?
The sky's still fire but I am safe in here
From the world outside So tell me, what's the price to pay for glory? Like a bad star, I'm falling faster down to
her
She's the only one who knows what it is to burn Today is fire and she burns, today is fire
And she burns, she burns, she burns, she burns
She burns, she burns, she burns Like a bad star, I'm falling faster down to her
She's the only one who knows what it is to burn
