

# Sun Goes Down

## Killing Joke

We watch them going nowhere, kicking the football  
No purpose, the point boys in oblivion  
Or play games so child like, they want to win  
Look out my windowsill watch bloodshedWe watch the sun go down  
We watch the sun go down, downSleeping dogs always lie, stay sleeping  
To panic, they play so, stay sleeping  
Look out my windowsill watch wastelands  
Look out my windowsill watch bloodshedWe watch the sun go down  
We watch the sun go down, downWe watch them going nowhere, kicking the football  
No purpose, the point boys in oblivion  
Or play games so child like, they want to win  
Look out my windowsill, a man went madWe watch the sun go down  
We watch the sun go down  
We watch the sun go down  
We watch the sun go down, down
