Bad People Kiss

Marc Almond

When bad people kiss
It's an ocean unchained
When bad people kiss
It's passion inflamed
When bad people kiss
I'm feeling the thrill
When bad people kiss
I'm kissing you stillWhen bad people kiss
It's the devil's desire
When bad people kiss
Like a city on fire
When bad people kiss
It's a poisonous pill
When bad people kiss
I'm kissing you stillWhen we love
We love with a passion
That's dark with a sin
As deep as the sea
Jealousy cruelty
Obsession desire
It's pure evil
When you're kissing meWhen bad people kiss
The thunder sheds tears
When bad people kiss
It's night with its fears
When bad people kiss
It's kissing to kill
When bad people kiss
I'm kissing you stillWhen we love
We love with a passion
That's as dark with a sin
As deep as the sea
Jealousy cruelty
Obsession desire
It's pure evil when you're kissing meWhen bad people kiss
The planets collide
When bad people kiss
It's slow suicide
When bad people kiss

I submit to your will
When bad people kiss
I'm kissing you still
I'm kissing you still
I'm kissing you still
