

Into You

Born Country

I've been around
a block or two
I've never seen nothin quite like you
You like to drink
smoke, tell dirty jokes
Your not the kinda girl
take home to your folksBut I'm so into you
and the things you do
I wouldn't change one thing
If you'd only take this ring
cause I'm so into you
I hope you say I do
Cause I'm so into youI love your soft brown hair
big brown eyes
that beautiful smile
drives me wild
and no other could make me feel
the way you doCause I'm so into you
and the things you do
I wouldn't change one thing
If you'd only take this ring
cause I'm so into you
I hope you say I do
Cause I'm so into you
Cause I'm so into you
