

# Love Is On My Side

## Brandy

Ahh, ahh  
Ahh, ahh, yea, yea  
Laa, laa, laa, laa  
Laa  
Yea, yea, yea, yea, yea  
Yea, yea, yea, yea, yea  
Hmm, mmm, mmm, mmm, mmm, aaa  
Hmm, mmm, mmm, mmm, mmm, aaa  
Laa, laa, aaa, aaa, aaa  
Aaa, aaa, aaa,  
Laa, laa  
Haa, aaa, aaa  
Memories of yesterday  
Lonliness my way to say  
I needed you and all you do  
To come and rescue me  
The day I saw your face  
Everything fell into place  
The melody of you and me  
The love song that we share  
And they say  
Love isn't love  
Until you got someone to share it with  
And I got you  
And it has made me realize  
That love  
Oh love  
(Oh love)  
Love is something on we take advantage of  
(Through you)  
Through you I've learned that love is on my side  
I try  
But the feeling still flows deep inside  
Takes my breath away  
When it trys to stay  
(Ohh, hoo)  
I only love you more  
Oh don't try to tell me I'm a fool  
I know this is something new

Just let me through  
I'm here to do whatever you want me to  
And they say  
Love isn't love  
(Love)  
Until you got someone to share it with  
And I got you  
(And it has)  
And it has made me realize  
That love  
Oh love  
(Oh love)  
Love is something on we take advantage of  
Ohh, woo, yea  
(Through you I've learned that love is on my side)  
Through you I've learned that, love is on my side  
On my side  
(Oh yea)  
On my side  
Love is on my side  
I sit here and wonder why  
I can't get you off my mind  
A special scent  
And all you mean to meee, eee  
Ohh, ooo, ooo, ooo, ooo  
It's the love that just won't go away  
I hear it in the things you say  
I can't ignore  
(I can't ignore)  
I want you more  
(I want you more)  
That more  
More and more, I'm so, ohh, ooo, yea  
(Go)  
I'll tell you got someone to cheer up, well  
And now I got you  
(And It's made me realize)  
It's made me realize  
And love  
Oh love  
(Oh love)  
Love is somethin' on we take advantage of  
Ohh, yea  
(Through you I've learned that love is on my side)  
Siide

(Yea, eee, yea, eee, aaa, aaa, aaa)

(Want to show you way)

I need someone to show you way

(All this way)

Woo, ooo, ooo

(Oh love)

Oh love

Through you I've learned that, love is on my side

Yea, eee, yea
