

# Magnificent

Paola Bennet

Justice League  
It's Da Boss, it gets no better than this  
Maybach music  
Swimmin' in women, champagne sippin'  
Gold emblem with two M's in it  
This living is so magnificent, stop dreaming it  
I'm living it  
Oh, I, I can show you  
Show you better than I can tell you  
I, I can show you, oh, I  
I'm tha magnificent with tha sensational style  
Far from bein' shallow 'cause she caught me wit a smile  
Try to figure out my style, baby, that will take a minute  
But if all we got is time, you can't be actin' timid  
So we back to playin' tennis  
We been goin' back and forth  
She the one that I adore  
So I tried it in aurar  
Conscience intervened concentrating on my cream  
I'm tha king, make a move, pawns all tha way to queens  
I'm a don, I'm a boss, I'm a profit, I'm a G  
I'm a CEO which means that I profit off of me  
All white T's still rockin' my Nike Airs  
Fresh outta flight school 'cause I'm fly right here  
Ain't nothin' free, I'm chargin' to breathe air  
If it's not a Maybach really who da hell cares?  
My money long, my nigga, my money strong  
If you ain't gettin' money  
Dat mean you done somethin' wrong  
Swimmin' in women, champagne sippin'  
Gold emblem with two M's in it in  
This living is so magnificent  
Stop dreaming it, I'm living life  
Oh, I, I can show you  
Show you better than I can tell you  
I, I can show you, oh, I  
I'm tha magnificent with tha sensational style  
Down to all of my automobiles wit no miles  
Yellow corvettes, black rally stripes

And I never phone ahead  
All she do is hear the pipes  
Project bitches, upscale kittens

Fuck her for a minute then now we countin' digits  
Maybach money, so I always had a vision  
I would always tell ma niggas but ain't nobody listened  
Words work magic, haters wreak havoc  
There ain't nothin' on my back but the delicates of fabrics  
I made a transition from the thieves  
To the biggest executive, Def Jam's ever seen  
Only yours dream, Sean John suit and a S Dot ring  
Sean Don for my crew  
Bad hoes in pursuit, masspike on a two  
Gunplay, he a glue goon wit a attitude  
Swimmin' in women, champagne sippin'  
Go in tha way, two ends away  
This livin' is so magnificent  
Stop dreaming it, I'm living life  
Oh, I, I can show you  
Show you better than I can tell you  
I, I can show you, oh, I  
I'm tha magnificent with tha sensational style  
When I decorate a home, marble flooring like Da Nile  
Nigga, you a clown, here's the number you should dial  
Ye start wit 305 but we end at four pounds  
Stop at [Incomprehensible]  
Old pound for life is a [Incomprehensible]  
All them Carol City killers, feel liking you broke down  
Money is a must tommy guns on a bus  
Allan Zamren on the case, so you know what you can suck  
Wear red all the time but really I'm color blind  
Wanna catch my attention, nigga, throw up a dollar sign  
One time for tha Crips, young G's buyin' cribs  
And I smoke wit Vice Lords when I visit Mississipp  
The game never change, money still a focal  
But it's time to rape tha game like Puffy did Total  
Like Rev Run in the tub still smokin'  
In memory of Shakir, Boss gotta shout Oakland  
Swimmin' in women, champagne sippin'  
Gold emblem with two M's in it  
This living is so magnificent  
Stop dreaming it, I'm living life  
Oh, I, I can show you  
Show you better than I can tell you

I, I can show you, oh, I
