Four Walls

The Slugs

These four walls, they whisper to me
They know secrets, I knew they would not keep
It didn't take long for the realm to fill with dust
And these four walls came down around us
It must have been something to send me out of my head
With the words, so let go and all that I meant
Now, I wait for a break, inside, it scars into all that you left
Just me and these four walls again
It's hard now to let you be
I won't make excuses, I've made my peace
It didn't take long for me to lose the trust
'Cause these four walls, they're not strong enough
It must have been something to send me out of my head
With the words so let go and all that I meant
Now, I wait for a break, inside, it scars into all that you left
Just me and these four walls again

Standing cold
Watching us, babe
Knowing it's all my fault
For my mistake
Standing cold
Letting you down
Knowing it's all my fault
That you're not around
It must have been something to send me out of my head
With the words, so, let go and all that I meant
Now, I wait for a break, inside, 'cause it's all that you meant
Just me and these four walls again
Again
