

# Mentally Blind (Four Track Demos 12/92)

## Death

You see your vision and no one else's  
Your every word filled with sarcasm  
Crucify people with invisible knowledge

Verbal destruction with each compulsion  
We will see where you go, the future for you is nowhere  
Every minute a cliche of your kind

Too much to say from a person with no respect  
Your accusations you will regret  
From the mentally blind come ideas that are poison

Take away the power, a shallow person you will find  
What would you do without your pathetic  
Narrow-minded approach to life

That reflects your lack of abilities  
Your opinions are self-destructive  
Despair is your gain, delight is corruption

Destined to fall prey to your stories

Creating problems for your consumption  
We will see where you go, the future for you is nowhere  
Every minute a cliche of your kind

Too much to say from a person with no respect  
Your accusations you will regret  
From the mentally blind come ideas that are poison  
Take away the power, a shallow person you will find
