Your Sweet Voice

Matthew Sweet

Speak to me with your
Sweet voice
And take me through
Another night(Speak to me with your)
Soft voice
And I will surely
Be alrightIf I can close my eyes
Without a fearSpeak to me with your weet voice
(Speak to me with your weet voice)
NearHold me
In your warm hand
And I could sleep
With you tonight(Hold me)
In your warm hand
And I could sleep
With you tonightAnd all my earthly cares
Might fade awayIf you hold me
In your warm hand
That wayIt's as close
As I get to love
As close
As I get to loveSpeak to me with your sweet voice
(Speak to me with your sweet voice)
AgainSpeak to me with your sweet voice
(Speak to me with your sweet voice)
Take me
Through another night(Speak to me with your)
Soft voice
And I will surely
Be alrightIf I can close my eyes
Without a fearSpeak to me with your sweet voice
(Speak to me with your sweet voice)Speak to me with your sweet voice
(Speak to me with your sweet voice)Speak to me with your sweet voice
(Speak to me with your sweet voice)Speak to me with your sweet voice
(Speak to me with your sweet voice)
