

# Desert Moon (live)

## Great White

Let's shake this town baby  
Come with me  
I need a little lovin' company  
C'mon now  
I know where we can go  
This is the time  
T'stay out all night  
I've gotta fire  
Like a heavenly light  
C'mon baby  
Let's take a driveC'mon baby  
Let's do it right  
Time to dance  
In the magic light  
Of the desert moonCome on honey  
Let's get it right  
Make romance  
In the magic light  
Of the desert moonLet's lay it down  
Under a cactus tree  
Give a little lovin' ecstasy
