

I Still Feel Just the Same

Karl Valentine

I am the one who seemed so sure
I am the one you needed more
Love like the seasonsâ€™ fades away

I am the one who was there for you
I was the one you answered to
Seeing your warm smileâ€™ fade away
Seeing your warm smileâ€™ fade away

If I could hold you once again
Would it change things in the end?
God I know Iâ€™m still in love
I hope you found your way
â€™Cause I still feel just the same

I am the one you needed more
I am the one you said you loved
Seeing your warm smileâ€™ fades away
Seeing your warm smileâ€™ fade away

We both saw life in different ways
But still weâ€™ve come so far
I am always there for you
You can say youâ€™ve changed
But I still feel just the sameâ€™ the sameâ€™ the same
