Illy

Assal

illy illy
We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy

we dem fly girls and we know they like it
sweet like honey and they wanna bite it
haters hating and they cannot fight it
now roll up câ€™mon lemme lemme light it

we came to party booty bump on them
fuck them haters we donâ€™t like no problem
now get ready we make gangsta move on them
making mulla pull up big phantom

We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy

we dem independent girls we work hard
pretty pretty hustla pull out pull out black card
living life fast not afraid to die young
sayin' what we want never biting me tongue
say what we want we never bite no tongue

now câ€™mon câ€™mon baby c'mon over
mi like ur body baby move on closer
wanna be your harley you be my joker
vibe addictive ima turn you to a smoker

We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy

talking business ima call you brush
donâ€™t get it twisted never get no far
respecting pretty pretty girl hustla

bad bitches crew call me femme bizarre

anything I want ima take it
no doubt we grinding and we gonna make it
on the throne ima ima be faded
see you begging wanna wanna come and taste it

We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy

We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy
We illy illy, illy illy
