

# Gouge Away (Ftp://ape)

## Pixies

Gouge away, you can gouge away  
Stay all day if you want to Missy aggravation  
Some sacred questions, you stroke my locks  
Some marijuana if you got some  
Gouge away, you can gouge away  
Stay all day if you want to Sleeping on your belly  
You break my arms, you spoon my eyes  
Been rubbing a bad charm with holy fingers  
Gouge away, you can gouge away  
Stay all day if you want to  
Chained to the pillars  
A 3 day party, I break the walls  
And kill us all with holy fingers  
Gouge away, you can gouge away  
Stay all day if you want to
