Wilder Than Me

Fletcher C Johnson

Chat, but the girls don't like it.
Sitting, but you won't allow it.Chat, but the girls don't like it.
Sitting, but you won't allow...Then she comes over with some sweet Corona,
and she comes over with some sweet Corona.And (un-audible) I wanna sing that (un-audible),
and she is wilder than me, wilder than me, wilder than me,
wilder than me, wilder than me.Chat, but the girls don't like it.
Sitting, but you won't allow it.Chat, but the girls don't like it.
Sitting, but you won't allow...Then she comes over with some sweet Corona,
and she comes over with some sweet Corona.And (un-audible) I wanna sing that (un-audible),
and she is wilder than me, wilder than me, wilder than me,
wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me, wilder than me.
