

# Think Of Me

## Ophur

First year med tech, 2 AM  
On the graveyard shift a call comes in, a senseless killin'  
    Blue lights flashin', white chalk line  
I still get queasy but I'll be fine, the good Lord willin'  
    Well I searched my heart  
    But I don't have a clue  
    For the evil that men do  
    So think of me while you're safe at home tonight  
    You think of me while you hold your loved ones tight  
I'm someone you might never need but before you drift off to sleep  
    When you pray the Lord a soul to keep, think of me  
    Midnight, back of a high school gym  
The drug dealers think I'm one of them, their new connection  
    Car trunk opens, the deal goes down  
The cops take a risk on this side of town with no protection  
  
    My throat goes dry  
    At all that I could loose  
    If I make one wrong move  
    So think of me while you're safe at home tonight  
    And think of me while you hold your loved ones tight  
I'm someone you might never need but before you drift off to sleep  
    When you pray the Lord a soul to keep, think of me  
    Well I'm climbing the stairs in a warehouse fire  
    Well I'm savin' a child from what's left of a car  
    Jumpin' out of the chopper so a sailor survives  
    Well I'm flyin' a fighter jet up to the stars  
    Well I'm someone you might never need  
    But before you drift off to sleep  
When you pray the Lord a soul to keep, think of me  
    Woah think of me, woah, woah think of me
