

# Never Been Kissed

Ro Danishei

Touch, feel, taste, see, hear, smell  
I've never felt  
Nothin' like the way I felt today  
Like I'm breathin' for the very first time  
Inside a world I've just entered  
Time goes by but we are standin' still  
Sky above glows just for you and me  
Don't know why but I know that it's real  
I can fly, with you I feel so free I know it's not a dream  
Whatever it may be  
I like the way it feels  
Like the first time every time  
I feel so alive You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed  
You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed What are you? Where were you all this time?  
Can't be human, this feels so divine  
Am I crazy to think you fell from the sky?  
Baby you know how to get me high I know it's not a dream  
Whatever it may be  
I like the way it feels  
Like the first time every time  
I feel so alive You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed  
You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed You're a god, maybe an alien  
Most definitely not like anyone

Doesn't matter to me where you're from  
Just as long as you keep on You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been  
You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed  
You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed  
You make me feel like I've  
Never been kissed, never been kissed,  
Never been kissed before  
Can't believe this is what I've missed  
Never been kissed, never been kissed
