U Ain't Goin' Nowhere

Young Buck

What did ya do to me?
What did ya do to me?
What did ya do to me, to me?Even though I might **** a little
I know you love the way I work the ****
You look good in them high heels, girl
You're so hood, we in our lil' worldShoppin' sprees overseas, you and me on a private flight
Got a chance to be my wife if ya **** act right
Gotta dance all night, girl, you want that ice
Everythang's on me, yeah, I'm that typeMarble floors in these elevator doors
Sixteen bedrooms and all of 'em yours
Let's **** all night, any position you like
Thick coats by the coach, black Bentley AzureI know, sometimes a **** might not make it home
And it's no reception, low bars, it ain't on
And I keep doin' this 'cause you don't care
Material girl, that'll always be there, u ain't goin' nowhereTime and time, I try to leave
But I just can't seem to leave your **** alone
Don't know why I can't let you go
And why I keep comin' back for moreI'm sayin' this, life is good
Got me up out the hood but I'm so confused
And I don't know how much more
Of this disrespect, I can take from youU ain't goin' nowhere, how I know, because I told you so
And all that cryin' **** stop when I'm down below
****, I'm on top when you hit that O
Now get that O, that's what the **** you came here forNow move that body all around like a professional
Damn, shorty's so flexible
We can do it on the highway, I'm talkin' 'bout **** to go
Now how the **** we get to Mexico?Yeah, I bought that house but now you talkin' 'bout leavin'
You don't wanna do that, girl, it's pleasin' season
Heard your girls told you I'm **** up and that you need to get even
But all you need is me, you don't need themYou know the game, maintain and do ya thang
And tell them ****, worry 'bout they own man
So when they start talkin' like that there
Tell them **** to get the **** out your ear
'Cause u ain't goin' nowhereTime and time, I try to leave
But I just can't seem to leave your **** alone
Don't know why I can't let you go
And why I keep comin' back for moreI'm sayin' this, life is good
Got me up out the hood but I'm so confused
And I don't know how much more

Of this disrespect, I can take from youWhat did ya do to me?
What did you do to me?
What did ya do to me, to me, baby?What did ya do to me?
What did you do to me?
What did ya do to me, to me?You keep tellin' me, I make you sick
But on some real ****, quit ****, you love this ****
And even if she did leave because of the way I act
It be's like that, **** it, she'll be right backYou and I both know, if you and I both go
Our separate ways one thing's for sure
If you ever get the nerve to pack your **** and walk up out that door
You ain't never comin' back no more
She ain't goin' nowhereTime and time, I try to leave
But I just can't seem to leave your **** alone
Don't know why I can't let you go
And why I keep comin' back for moreI'm sayin' this, life is good
Got me up out the hood but I'm so confused
And I don't know how much more
Of this disrespect, I can take from you
