

Cowgirl

Stephen Wesley

You wanna play a game?
Well, here's how it goes:
You can be a little crazy
As long as you know
That I'm a real man, baby
and I need it rough
You do it like this,
I can't get enough
You don't need a hat to play this game
but you can leave your boots on
It's all the same
Jeans aren't required
and they won't be missed
You can be a bad girl
I promise you this If you wanna be a cowgirl, get on top
Give me love, give me love, baby don't ever stop
You can ride all night in the rodeo
And if you make it to the morning, baby
Don't you know
You're a cowgirl Grab on and hold tight
You can use your nails
I got a set of handcuffs
and it never fails
It's gonna get a little harder when I'm almost there
Pardon me girl, when I pull your hair
You wanna talk real dirty while your moving with me
You're doing so good, I can already see If you wanna be a cowgirl, get on top
Give me love, give me love, baby don't ever stop
You can ride all night in the rodeo
And if you make it to the morning, baby
Don't you know
You're a cowgirl It gets wild at the rodeo
But we don't clown
Cause I'll be tossing you up
And I'll be licking you down
You're in a hurry
Don't worry
Pull em to the side
Move like I like it

Taking me for a ride
Baby girls being naughty
It's a beautiful thing
I'm gonna smack that ass
And make you sing If you wanna be a cowgirl, get on top
Give me love, give me love, baby don't ever stop
You can ride all night in the rodeo
And if you make it to the morning, baby
Don't you know
You're a cowgirl
