Something Real

China Anne McClain & Kelli Berglund

I thought I knew what I wanted
'Til I got it
Turned around now the pressure's on
In the moment
I was chasing a fairytale
Until I caught it
Took a leap of faith
Now I'm back
Where I started out
This perfect life
Somehow doesn't really feel right
I learned tonight
That I
I'd trade it all
For something real
Something that's raw
Something that I, I, I can feel
Flaws and all
Now here's the deal
I don't want nothing
'Less it's something real
Somethin real
I used to get so caught up
Findin' all the answers
Always liked to play it smart
Never taking chances
Had to see for myself
To believe in magic
Now I know inside my heart
I already had it all
This perfect life
Is an un-perfect puzzle sometimes
I learned tonight
That I
I'd trade it all
For something real
Something that's raw
Something that I, I, I can feel
Flaws and all

Now here's the deal
I don't want nothing
'Less it's something real
All along
I was posin' for the cameras
Focused on a dream world
Driven by the sand man
Now I'm awake
And life is so much better
Let's go crazy
All of us together
Let's get real
Let's get real
Let's get real
I'd trade it all
For something real
Something that's raw
Something that I, I, I can feel
Flaws and all
Now here's the deal
I don't want nothing
'Less it's something real
Oh oh ooh oh
Oh Something real
Oh oh ooh oh (Something real)
Something real
Eh eh yeah
Something Real
