Hey Summer

Erin Bowman

Take me back to freshman year
I'll do it all again
No worries, not a single care
just didn't know then.
Running down the boulevard, 'cause we stayed out too late,
on the beach under the stars.
That summer was great!

Hot days barbecuing in the backyard,
cool nights when ya hitting' on a lifeguard.
Good times fly when ya having fun.
Think back to the summer that you had when
school's out and you're hanging with your best friends,
can't wait to do it all again.

Refrain:
Hey summer, how you've been?
Sure is nice to see you again, i been missing you
I been missing you. (2x)
Hey summer! La da da da da da da

Take me back to senior year.
Man, things change so fast!
It's like time just dissappears.
Hold on, make it last!

Driving with the windows down,
our favorite song comes on.
Loved those summers in that town,
they're still going strong!

Hot days barbecuing in the backyard,
cool nights when ya hitting' on a lifeguard.
Good times fly when ya having fun.
Think back to the summer that you had when
school's out and you're hanging with your best friends,
can't wait to do it all again.

Refrain:
Hey summer, how you've been?

Sure is nice to see you again, i been missing you
I been missing you. (2x)
Hey summer! La da da da da da da

Summer's not just a season.
It's more like a feeling, like a feeling.

Hey summer, how you been?
Sure is nice to see you again.
I been missing you, i been missing you. (2x)
Hey summer! La da da da da da da (4x)
