

Stones Under Rushing Water

NEEDTOBREATHE

Why don't we dance anymore
I'm not okay with that
Why don't we laugh anymore
I'm not okay with that
The years go by like stones under rushing water
We only know, we only know when it's gone
Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone
Why don't we smile anymore
I'm not okay with that
Why don't we dance slowly
I'm not okay with that
Cause the years go by like stones under rushing water
We only know, we only know when it's gone
Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone
Cause the years go by like stones under rushing water
We only know, we only know when it's gone
Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone
Why don't we dance anymore
