Just About That Time

Roy Drusky

When I think I've got you off my mind me and my new baby's doing fine
Then she says that steal a kiss or two well just about that time I think of you
I tell my heart I'm glad you went away I've found another since you left that day
But when she whispers love me darling do well just about that time I think of you
Just about that time I think of you think of all the things we used to do
No matter where we go or what we do well just about that time I think of you
[guitar]
I think of all the love it's stored for me when I look at my new bride to be
But I'm afraid that when I say I do that joust about that time I'll think of you
Yeah just about that time I'll think of you think of all the things we used to do
I can't promise her that I'll be true when just about that time I'll think of you
Yeah just about that time I'll think of you oh just about that time I'll think of you
