

Shunned + Falsified

Mike Doughty

Oh, I will not be undersold
The grip is tight, the hand is cold
Like money thrown upon the sea
I hope my love swims back to me
And I cant save nobody
I cant save nobody
Save nobody
I was shunned and falsified
Shunned and falsified
Shunned and falsified
Shunned and falsified
Theres a car down on the lot
Smarter than the car I got
There I am inside the trunk
Water slowly boils to funk
And I cant save nobody
I cant save nobody
Save nobody
I was shunned and falsified
I was shunned and falsified
I was shunned and falsified
Shunned and falsified
Shunned and falsified
Shunned and falsified
