Cold (Remix) [feat Yung Berg] [Bonus Track]

Alex Young

Oooh-oh-oh!
Oooh-oh-oh!
Oooh-oh-oh!Temperature is dropping
Baby, can you feel the chill?
Just tell are you coming
Baby, tell me what's the deal?Sipping on hot chocolate
Wrapped in a blanket
Trying to keep from shivering
Shivering
Shivering
I can see my breath
Boy I'm so upset
I need you here with meI'm so cold
So co-co-cold
Wrap your arms around me
Will you hold me tightly?
It's way to cold
So co-co-cold
Baby its freezing
Don't say you're leaving
I'm getting coldFrostbite on my fingers
And it's slowly getting into my heart
Getting into my heart
(Getting into my heart)
Every night feels like winter
Baby, every second we're apartSipping on hot chocolate
Wrapped in a blanket
Trying to keep from shivering
Shivering
Shivering
I can see my breath
Boy I'm so upset
I need you here with meI'm so cold
So co-co-cold
Wrap your arms around me
Will you hold me tightly?
It's way to cold
So co-co-cold
Baby its freezing

Don't say you're leavingI'm getting cold
I'm getting cold
I'm so co-co-co-co-cold
I'm so co-co-co-co-cold
Ooooh-oh-oh!
I'm so co-co-co-co-cold
Ooooh-oh-oh!
Oooh-oooh-oooh!Cold
So co-co-cold
Wrap your arms around me
Will you hold me tightly?
It's way to cold
So co-co-cold
Baby its freezing
Don't say you're leavingI'm so cold
So co-co-cold
Wrap your arms around me
Will you hold me tightly?
It's way to cold
So co-co-cold
Baby its freezing
Don't say you're leaving
I'm getting coldI'm getting cold
I'm getting cold
I'm getting coldCold
