

Good Day Here

Kim Richey

Your bright and shining star
Fell a little short of glory
And left you wondering

Where you are, where you are
While you're down there in the trenches
Trying to pick up all the pieces

As you're sifting through the ashes

Beware, the past is buried there
And it's a good day, it's a, a good day
Yeah, it's a good day here, now
It's hard to make amends
With crimes that have no rhyme or reason

Well how could you know

Where to begin, where to begin
While you're down there in the trenches
Trying to pick up all the pieces

As you're sifting through the ashes

Beware, the past is buried there
And it's a good day, it's a, a good day
It's a, a good day, a good day
It's a good day

Yeah, it's a good day here, now
