

# All I Ask For

## III NiÃ±o

'Cause all that I ask for  
Is turning to ashes  
When everything comes down  
There's nothing to die for  
There's nothing to die for

'Cause I'm burying my sins  
I'm a prisoner and waiting  
I'm drowning within  
When the world is all I'm hating  
This is my hell

We conform from underground  
We arise from your defenses  
Through this constitution revolution end

'Cause all that I ask for  
Is turning to ashes  
When all of my passion  
Crumbles around me  
I'm still gonna get to  
All that surrounds me  
When everything comes down  
There's nothing to die for

If I cannot be saved  
Then my pride is for the taking  
If this is my grave  
I will close my eyes awaking  
Everything is red

We conform from underground  
We arise from your defenses  
Through this constitution revolution end

'Cause all that I ask for  
Is turning to ashes  
When all of my passion  
Crumbles around me  
I'm still gonna get to

All that surrounds me  
When everything comes down  
'Cause all that I ask for  
Is turning to ashes  
When all of my passion  
Crumbles around me  
I'm still gonna get to  
All that surrounds me  
When everything comes down  
There's nothing to die for

Pero mi pais  
(But my country)  
Todo por mi pais  
Todo por mi pais  
Todo por mi pais  
(Everything for my country)

'Cause all that I ask for  
Is turning to ashes  
When all of my passion  
Crumbles around me  
I'm still gonna get to  
All that surrounds me  
When everything comes down  
There's nothing to die for  
(There's nothing to die for)  
When everything comes down

'Cause all that I ask for  
Is turning to ashes  
When all of my passion  
Crumbles around me  
I'm still gonna get to  
All that surrounds me  
When everything comes down  
There's nothing to die for
