

I Live My Life for You

FireHouse

You know you're everything to me and I could never see
The two of us apart
And you know I give myself to you and no matter what you do
I promise you my heartI've built my world around you and I want you to know
I need you like I've never needed anyone beforeI live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for youI dedicate my life to you, you know that I would die for you
But our love would last forever
And I will always be with you and there is nothing we can't do
As long as we're togetherI just can't live without you and I want you to know
I need you like I've never needed anyone beforeI live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for youOh, I've built my world around you and I want you to know
I need you like I've never needed anyone beforeI live my life for you
I wanna be by your side in everything that you do
And if there's only one thing you can believe is true
I live my life for you, oh yeah
I live my life for you
