

Just the 2 of Us

Keith Sweat

Girl, you know I like it
When you let your hair down
Boy, you know I want you
To make me feel good
There's nobody like you
In this whole wide world
That's why it's just the 2 of us
First time we met, I knew you were the one
Oh, yeah, my night was set
You would be mine before the night was done
Boy, turn the lights down
You are gonna get it, get it
Uuh uuh, just how you like it
Now for the next round take a sip of my love
Oh, yeah yeah
How does it take?
Baby, baby
Girl, you know I like it
When you let your hair down
Boy, you know I want you
To make me feel good
There's nobody like you
In this whole wide world
That's why it's just the 2 of us
This love of us, this love I've taken
Feels jut the tear of time
Yes, it's real
I'll make that mine,
Oh, you won't always be mine
I dedicate my life to you
I'll love you, love you, love you, love you
That's what I'll do
Nobody is calling your name
I'll give it to you like you want it
Yeah, yeah
Boy, just get up on it now
Baby, baby
Girl, you know I like it
When you let your hair down
Boy, you know I want you

To make me feel good
There's nobody like you
In this whole wide world
That's why it's just the 2 of us

Baby, you know
I'll be the man you need
If you pull up baby
That you'll never leave me

No, boy

No, boy

Don't take your love away

You know you're mine tonight Girl, you know I like it

When you let your hair down

Boy, you know I want you

To make me feel good

There's nobody like you

In this whole wide world

That's why it's just the 2 of us
