

# Slide On U (feat. K CAMP)

## Boogie

[Intro: Boogie]

Ay just know I'm sliding in DMs all year

Thirst 48[Hook: K Camp]

I'ma slide on you, slide on you

We know your dude weak so when he go to sleep

I'ma slide on you, slide on you

Just drop a pinpoint tell me where to meet and

I'ma slide on you, slide on you

Shit like lowkey been at it all week tryna

Slide on you, slide on you

Shit I put that on me you all me I'm tryna

Slide on you, slide on you

[Verse 1: Boogie]

You change your number every other month

Its hard to keep a line on you, a line on you, uh

I think its gold in that pussy, I see it I got my mind on you

I'm tryna dig pass, uh, like

How you always catch me slipping with your slick ass, uh

You the type to make me quit rap

Been making up my mishaps

Like shout out to your maker, I just saying God you did that

I ain't that nigga asking where my pics at

I ain't gon' screenshot your snaps so you can get mad

Just don't be tripping and start lurking through my friends add

Or blowing up my phone cause you see I'm at a kick back

Cause after I'ma slide on you[Hook: K Camp]

I'ma slide on you, slide on you

We know your dude weak so when he go to sleep

I'ma slide on you, slide on you

Just drop a pinpoint tell me where to meet and

I'ma slide on you, slide on you

Shit like lowkey been at it all week tryna

Slide on you, slide on you

Shit I put that on me you all me I'm tryna

Slide on you, slide on you[Verse 2: K Camp]
