Neo Geisha

Zeromancer

Play, let's play
It's so cold so alone
Play, let's play
Like there's no tomorrowHey, now, now
My Neo Geisha
(Helterspace)
Hey, now, now
My Neo Geisha
(Helterspace)So give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain, my Neo GeishaFrom the bottom of my inflatable heart
I'll give you one chance, one chance to pray
For a happy end that doesn't exist
For a goodbye that's never been kissedHey, now, now
My Neo Geisha
(Helterspace)
Hey, now, now
My Neo Geisha
(Helterspace)So give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain, my Neo GeishaI catch you right before you fall
(Twenty-first century doll)
I see your face in a mirror ballSo give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain, my Neo GeishaHey, now, now
My Neo Geisha
(Helterspace)
Hey, now, now
My Neo Geisha
(Helterspace)
