

Lust, Filth and Sleaze

Midnight

Tonight oh I've been waitin' that's right just wait and see
The sound of seed as it seeps from your slit
The only gash i'll ever need You give me lust you give me sleeze
I'm gonna bust when you're down on your knees
You give me lust filth and sleeze
Lust filth and sleeze Total satisfaction is what you're givin' me
Ten pounds of flesh as they bounce before my eyes
The only milk i'll ever need
You give me lust you give me sleeze
I'm gonna bust when you're down on your knees
You give me lust filth and sleeze
Lust filth and sleeze Ride on nights end shoot out to the top
Like a vulcano erupts into the sky
This fire burns will never stop
You give me lust you give me sleeze
I'm gonna bust when you're down on your knees
You give me lust filth and sleeze
Lust filth and sleeze
