## Out Of The Grey

We don't say much  
When we're around each other  
I wish you'd tell me  
How you feel  
We do so much  
Dancing around each other  
Won't you reach out  
And pull me in?  
So many things I wish you'd say  
So much I would change  
But I would let these wishes go  
Push them all aside  
If there was one thing  
I could know for sure  
Tell me that when this life is over I will see you there  
On the other side of heaven's door  
This means more than anything  
This is my wish for you  
Do you know how much  
I really love you?  
I wish I knew  
How to show you more  
I do so much  
Thinking about you  
But keep to myself  
What am I waiting for?  
So many things that I should say  
So much I would change  
But I would let these wishes go  
Push them all aside  
If there was one thing  
I could know for sure  
Tell me that when this life is over I will see you there  
On the other side of heaven's door  
This means so much more to me  
This is the most important thing  
This is my wish for you
