

Chain Reaction

Steps

You took a mystery and made me want it
You got a pedestal and put me on it
You made me love you outta feeling nothing
Something that you do
And I was there not dancing with anyone
You took a little then you took me over
You set your mark on stealing my heart away
Crying, trying, anything for you
I'm in the middle of a chain reaction
You give me all the after midnight action
I, I wanna get you where
I can let you make all that love to me
I'm on a journey for the inspiration
To anywhere and there ain't no salvation
I need you to get me nearer to you
So you can set me free
We talk about love, love, love
We talk about love
We talk about love, love, love
We talk about love
You make me tremble when your hand moves lower
You taste a little then you follow slower
Nature has a way of yielding treasure
Pleasure made for you
You gotta plan, your future is on the run
You shine a light for the whole world over
You never find your love if you hide away
Crying, dying, all you gotta do is
Get in the middle of a chain reaction
You get a medal when you're lost in action

I, I wanna get your love all ready
For the sweet sensation, instant radiation
You let me hold you for the first explosion
You get a picture of our love in motion
My arms will cover, my lips will smother you
No more left to say
We talk about love, love, love
We talk about love

Let me hold you for the first explosion
Arms will cover you
All you gotta do
Get in the middle of a chain reaction
You get a medal when you're lost in action
I, I wanna get your love all ready
For the sweet sensation, instant radiation
You let me hold you for the first explosion
You get a picture of our love in motion
My arms will cover, my lips will smother you
No more left to say
All you gotta do is
Get in the middle of a chain reaction
You get a medal when you're lost in action
I, I wanna get your love all ready
For the sweet sensation, instant radiation
You let me hold you for the first explosion
You get a picture of our love in motion
My arms will cover, my lips will smother you
No more left to say
