

The Frequency

Kid Cudi

[Intro]

Wicked

Wick wick

Wicked

Wicked awesome[Hook]

Yea, yea, widen your view

And tune on into the frequency

Chill all alone

Love is the rule

Follow it to the frequency[Verse 1]

Couple girls, couple stories, and a couple shrooms

Couple girls, couple stories, and a couple shrooms

Couple clubs and I'm in the zone

Rather take the party home

Took it in the groove

Wet sex passionate in a dark tomb

In a dark tomb

If it twine inside then hold tight never let it loose

Wet it up

Couple girls, couple stories, and a couple shrooms

Couple girls, couple stories, and a couple shrooms

Couple girls, couple girls make a nigga feel less lonely

I trust them, my riders

Easing my frequency

Curiosity, is the key to my frequency

Explore what you find

And now[Hook]

Yea, yea, widen your view

And tune on into the frequency

Chill all alone

Love is the rule

Follow it to the frequency[Bridge]

Yea, yeow

Yea

Yea, ooh

Boo[Verse 2]

I'm done up 'til sun up

I'm done up 'til sun up

I'm real close stroking in another room

Done up 'til sun up
I'm done up 'til sun up
I'm real close stroking in another room
Wet and passionate
Real close, shed tears and the sweaty groove
And I love the love
Hot sweat in the sheets never speak on cue in the cyclone
Cyclone, wet uh
A couple trippy girls, couple stories, and a couple shrooms
Now a couple nudes
Sucking boobs
Seeing double, seeing double
And it zoom[Bridge]
Yea, yeow
Yea
Yea, ooh
Boo[Hook]
Yea, yea, widen your view
And tune on into the frequency
Chill all alone
Love is the rule
Follow it to the frequency
Yea, yea color outside the lines
And tune in to the frequency
Chill all alone
Love is the rule
And follow it to the frequency
