Safety Pin

5 Seconds of Summer

[Luke]
Runaways we're the long lost children (Hey)
Running to the edge of the world
Everybody wants to throw us away
Broken boy meets broken girl
[Calum]
You say you've tried it all before (Hey)
And it only makes it worse
Oh but this time
Maybe this time
[Luke] Two wrongs make it right
[All]
We'll safety pin the pieces of
Our broken hearts back together
Patching up all the holes
Until we both feel much better
Deleted things are really meant
So now I'll say the things I never sent
We'll safety pin the pieces of
Our broken hearts back together
[Ashton]
Throwing rocks at your broken window
Only you can cure my sickness
Raise a toast and a middle finger
Cause they all think we're twisted
[Ashton, Luke and Michael]
Once I've had a little taste
I'm addicted to your fix
Oh yeah this time
Maybe this time
Two wrongs make it right
[All]
We'll safety pin the pieces of
Our broken hearts back together
Patching up all the holes
Until we both feel much better
Deleted things are really meant
So now I'll say the things I never sent
We'll safety pin the pieces of

Our broken hearts back together
[Luke]
No more waiting
We can save us from falling
No more waiting
We can save us from falling
No more waiting
We can save us from falling
[All]
No more waiting
We can save us from falling
No more waiting
We can save us from falling
[Michael]
This time
Maybe this time
[All]
We'll safety pin the pieces of
Our broken hearts back together
Patching up all the holes
Until we both feel much better
Deleted things are really meant
So now I'll say the things I never sent
We'll safety pin the pieces of
Our broken hearts back together
[Luke]
No more waiting
We can save us from falling
No more waiting
We can save us from falling
[All]
No more waiting
We can save us from falling
No more waiting
We can save us from falling
