## **Devour**

## **Shinedown**

Take it and take it and take it and take it and take it all

Take it and take it and take it until you take us all

Smash it and crash it and thrash it and trash it

They're only toysTry it, youll like it, dont hide it, dont fight it, just let it out

Steal it and shoot it and kill it or take another route

Take it and take it and take it
You know theyre only toysDevour, devour
Suffocate your own empire

Devour, devour

Its your final hourDevour, devour

Stolen like a foreign soul

Devour, devour

What a way to goYou want it, you want it, you want it Well, here it is, everything, everything, everything

Isnt so primitive

Take it and take it and take it and take it allNobody, nobody wants to feel like this Nobody, nobody wants to live like this

Nobody, nobody wants a war like this Devour, devour

Suffocate your own empire

Devour, devour

Its your final hourDevour, devour

Stolen like a foreign soul

Devour, devour

What a way to go

What a way to goDiving down

Round and round

Diving down

Round and roundDevour, devour

Suffocate your own empire

Devour, devour

Its your final hourDevour, devour

Stolen like a foreign soul

Devour, devour

What a way to goDevour, devour

Suffocate your own empire

Devour, devour

Its your final hourDevour, devour

Stolen like a foreign soul

Devour, devour

What a way to go What a way to go
