Laid Back Lady

Tropical Zombie

i feel
i feel it in my bones
i hear it in your tone
we're gonna start again
today
today i'm off the end
where i'm going i don't know
i need a lady friend

and will i ever find a laid back lady
i'm waiting
i'll be tuckated
and will i ever find a laid back lady for me
and i'll love her!
and she'll be so cool

i've been looking all over the city
i can see it again, see it again
i'm heading overseas
ou sont, ou sont
ou sont les filles
je ne sais pas
shever rechercher
ou est, ou est
ou est la plage
ou est la plage!

and will i ever find a laid back lady
i'm waiting
i'll be tuckated
and will i ever find a laid back lady for me
and i'll lover her!
and she'll be so cool
and she'll be so cool

they say i'm going steady, going steady
i'm not ready until i find em laying down
and i'm going steady, going steady
i'm not ready until i find em laying down
and go steady, go steady

i'm not ready until i find em laying down
and go steady, go steady
i'm not ready till i find em laying down

and will i ever find a laid back lady
i'm waiting
i'll be tuckated
and will i ever find a laid back lady for me
and i'll lover her!
and will i ever find a laid back lady
will i ever find a laid back lady
and will i ever find a laid back lady for me
and ill love her!
and she'll be so cool
