Fat Angel

Jefferson Airplane

He will bring happiness in a pipe
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mind
Fly Translove Airways
Gets you there on time
Fly Translove Airways
Gets you there on time
He will bring orchids for my lady
The perfume will be of an excellent style
And apart from that he'll be so kind
In consenting to blow your mind
Fly Translove Airways
Gets you there on time
Fly Translove Airways
Gets you there on time
He will bring happiness in the pipe
He will ride away on his silver bike
And apart from that he'll be so very kind
In
Fly Jefferson Airplane
Gets you there on time
Fly Jefferson Airplane
Gets you there on time
He will bring orchids for my lady
The perfume will be of an excellent style
And apart from that he'll be so kind
In consenting to blow your mind
Fly Translove Airways
Gets you there on time
Fly Translove Airways
Gets you there on time
We are flying at an altitude of 39,000 feet
Captain High at your service
