Dark World

Driver

What will it take for you to find your way
Everytime you call I've been there for you
Shadows come but night decesends
And the fear tells the story on your faceThe feelings fall like rain
the smile that covers every ounce of pain
It's a dark world
Give me something to believe
Can you show me how to feel
The years go by and nothing seems to change
and we feed ourselves the promises we made
Calling you light desecends and the shackles come
and steal it all awayThe feelings flood like rain
the smile that covers every ounce of pain
It's a dark world
Give me something to believe
Can you show me how to feel
Can you tell me what is realT o think that I don't care
I just trying to tell you something...
It's a dark world
It's a dark world
It's a dark worldIt's a dark world
Can you tell me what is real
Cause I don't know how to feel
