Everything I Ask For

The Maine

She takes her time with the little things
Love notes reminding me
She wears red when she's feeling hot
I have her but it's all I got
She looks best without her clothes
I know a song it's the way it goes
I don't know what she sees in me
But I'm happy that she's happy
Now that she's with me
And I'm freaking out
Because I'm just so lucky
Oh, she makes me feel like shit
It?s always something
But I can't get over it
She thinks it's nothing
'Cause she?s everything I ask for
Everything I ask for and just a little bit more
Everything I ask for
Everything I ask for and so much more
She loves music but she hates my band
Loves Prince, she's his biggest fan
Not big on holding hands
But that's alright 'cause I still got her
She keeps up on current affairs
Prada is what she wears
I don't know what she sees in me
But I'm happy that she's happy
Now that she's with me
And I'm freaking out
Because I'm just so lucky
Oh, she makes me feel like shit
It?s always something
But I can't get over it
She thinks it's nothing
'Cause she?s everything I ask for
Everything I ask for and just a little bit more
Everything I ask for
Everything I ask for and so much more
Fist fights turn into sex, I wonder what comes next

She loves to always keeps me guessin'
And she, she won't, won't give it up
And we, we both, both know it's because
Oh, she makes me feel like shit
It?s always something
But I can't get over it
She thinks it's nothing
'Cause she?s everything I ask for
Everything I ask for and just a little bit more
Everything I ask for
Everything I ask for and just a little bit more
Everything I ask for
Everything I ask for, so much more
Everything I ask for
Everything I ask for and so much more
